

WARNING:

DO NOT APPLY CHROME POLISH, METAL POLISH, OR ANY TYPE OF BUFFER TO MINIMIZER CHROME POLY PRODUCTS. USING ANY OF THE ABOVE ITEMS WILL VOID PRODUCT WARRANTY.

- Protective film has been applied to protect the fender during shipment.
- Leave clear protective film on Minimizer Chrome fenders during installation. Film can be left on while drilling holes for mounting brackets.
- Clear protective film is not intended for prolonged direct exposure to sun light as heat can cause difficulty of removal. **Please remove immediately after installation.**
- Wash with mild soap and water.
- Do not wipe chrome finish when it is dry or with a dry cloth. Only use a clean, damp microfiber cloth when wiping or drying your Minimizer Chrome products.
- Do not use any abrasive cleaners or pads.
- Care for Minimizer Chrome products as you would care for an automotive paint finish.
- To maintain the luster of Minimizer Chrome products, apply an off the shelf wax/polish combination that you would use on the painted surfaces of your automobile. Follow the manufacturer's instructions on the product of your choice e.g. "Meguiars", "Mothers Gold", "Blue Coral".
