

SHOWCASE SEVERAL PRODUCTS WITH ONE DISPLAY!

- Space saving point-of-purchase display with eye catching video that updates automatically with a WiFi connection!
- Videos are downloaded during off-peak hours rather than streamed so the unit doesn't use up valuable bandwidth.
- New videos help train employees and customers as soon as new products are available.
- Units are set up by a Minimizer Territory Manager.
- 24" monitor with motion sensing audio activation so it doesn't drive your employees crazy.
- Includes six literature racks for support materials.
- Co-branded with your logo.
- Order yours now at www.minimizer.com/training (Click "POP"- then click "Kiosk Request")
